

Performance Management Dashboard

Performance Measure Reporting

MindSphere's Performance Management Dashboard Solution, provides a powerful and user-friendly way for executives and managers to analyze and present important key performance measures. The Dashboard provides instant snapshots of your designated key performance indicators (KPIs) through trend graphs, charts, gauges and table views appropriate for each user or role in your organization. By making enterprise information accessible, executives and managers are better equipped to discern trends, identify issues, monitor performance and communicate results.

Key Features & Benefits

- ✓ Organize, track and share key performance indicators for any department
- ✓ Custom views for each executive, manager or knowledge worker
- ✓ Web-enabled viewing for efficient and scalable deployment
- ✓ Flexible and easily configurable for charts, gauges, tables and reports
- ✓ User friendly navigation, filter, drill-down, zoom, print and export features
- ✓ Aggregate data from multiple sources
- ✓ Secure access

MindSphere can help you to quickly design and deploy dashboards that are tailored to the specific needs of your organization. For more information or to schedule an on-site demonstration, please call us at 888.722.6784.

The following are sample dashboard templates to illustrate layouts. They can be customized for your specific KPIs.

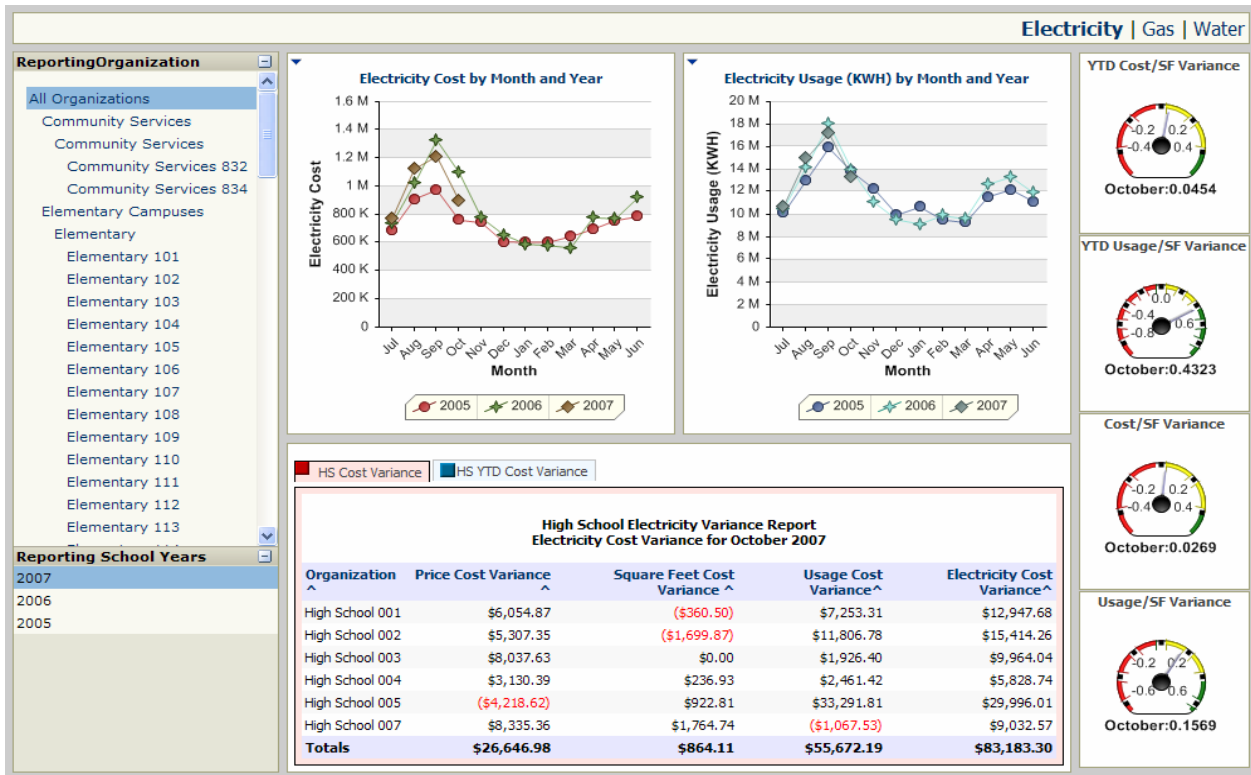

Figure 1. Sample Dashboard for electricity cost, usage trends and cost variance.

Performance Management Dashboard

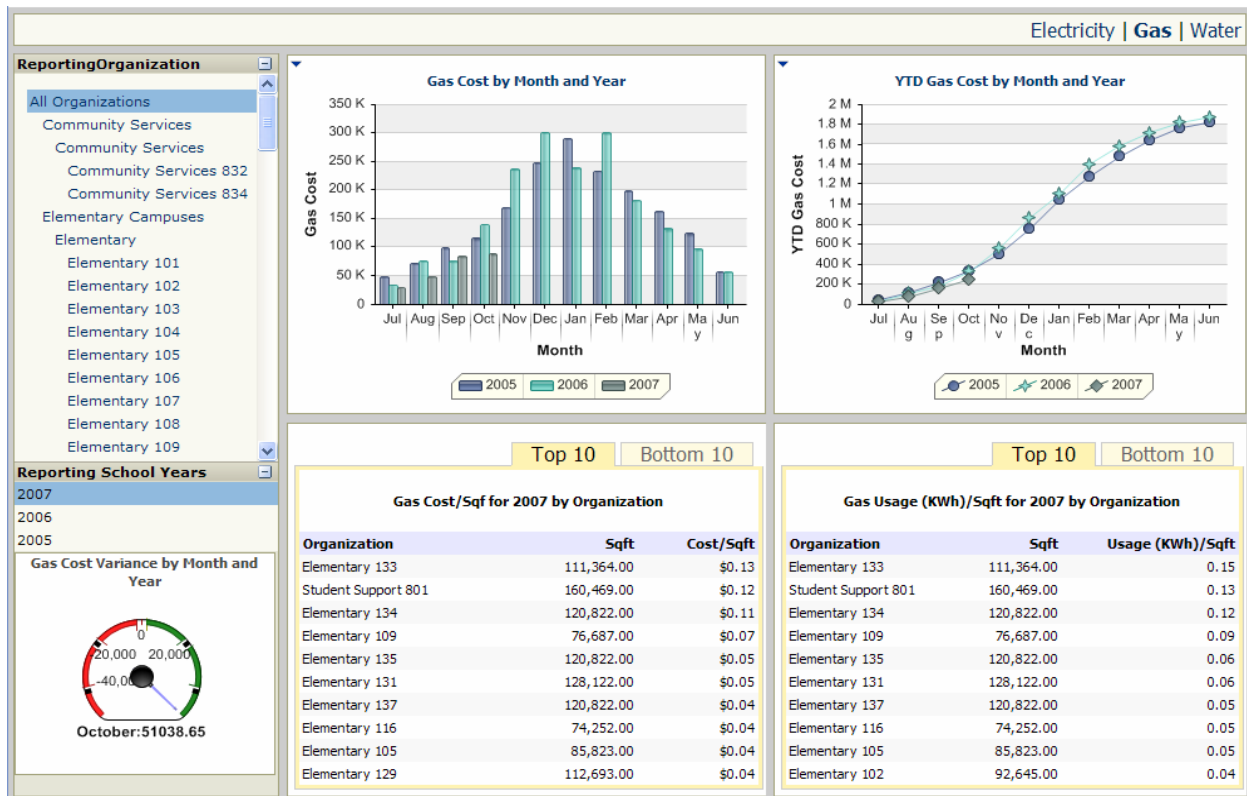

Figure 2. Sample Dashboard for Gas Cost and top 10 facilities with highest cost and usage.

Figure 3. Sample Dashboard for a maintenance department.
